

LUKE 2:52 "JESUS GREW IN WISDOM AND STATURE IN FAVOR WITH GOD AND WITH MAN." (ESV)

Just to clarify my current status.

- I am still on staff with Athletes in Action and will be on staff for at least six more years.
- I still need your monthly, quarterly and yearly financial support. Unless, however there are unfortunate circumstances that cause you to stop giving. Please just inform me.
- I am still a full-time missionary with CRU/AIA enrolled in the their Full-time Grad Study Program
- The grad school I am attending is Alliance Theological Seminary in NY. I am attending it online and already into week two! I received 50% scholarship off tuition!
- The reason I am getting my masters of divinity (M-Div) is to refresh, renew and resource myself to be better equipped at a higher level of leadership as a missionary: spiritually, academically, emotionally and socially. The three areas in which I will probably invest education back into the ministry of Athletes in Action after completing the M-Div will either be:
 - 1) AIA Campus (Athletic Movements on College Campuses in Cities).
 - 2) International Sports Missionary with AIA Baseball to Central or South America.
 - 3) Helping Athletes in Action, CRU and the body of Christ continue to develop in Biblical Oneness.
- I am currently taking four classes, equaling 12 credits and loving it!
 - OT503: Reading the Old Testament ○ OT504: The Hebrew Bible & the Eastern Mediterranean World
 - SF503: Initiation in Spiritual Formation ○ SF505: Personal/Professional/Theological Foundations for Ministry
 - I would love to share with you the things I am learning and how God is using it in my life
- The papers, projects and leadership I gain from Seminary will serve to help the ministry of Athletes in Action.
- Under CRU/AIA policy and the IRS I am allowed to have my education paid for by donors/supporters as long as it comes through my staff account.
- In addition to Full-time grad school, I will be working 8 hours a week with Athletes in Action ministry on our Lenses Team www.lensesinstitute.com
- The Director of SportLinc from the Campus ministry I was in, is healthily being transitioned to some very anointed people and should be announced by October 10th!
- The Baseball Chaplaincy at Sinclair Junior College was passed on to Jared Wellman last month as I shared the gospel and Jared shared his testimony to over 40 guys!
- I am back in Denver, Colorado and would love to meet up for those of you who live here and also help at any of your churches or ministries!
- I am extremely grateful for all your prayers, encouragement, resources and financial support over the last eight years! You have truly been a part of seeing, "Christ-Followers on every team, every sport, every nation."
